TOWN BUSINESS MEETING, Cont'd.**MARCH 3, 1964**

And in the name of the Commonwealth aforesaid you are further required to notify and warn the inhabitants of the Town, qualified to vote in Town affairs, to meet in the Town Hall on Tuesday, at 7:30 o'clock P.M., the third day of March, 1964, A.D., then and there to act upon the following articles.

Article 1. Voted: Unanimously, (Part 1), that the reading of all reports as printed in the Town Report be dispensed with, and that the said reports be accepted as printed. (Part 2), that the reading of the Report of the Hopedale Town Finance Committee be dispensed with, and that the Report, as printed and distributed at this meeting, be received and placed in the records.

**REPORT OF THE
HOPEDALE TOWN FINANCE COMMITTEE**

To the Citizens of the Town of Hopedale:

In accordance with its duty, as provided by the By-Laws of the Town of Hopedale, the Finance Committee has given careful consideration to all Articles in the Town Warrant that involve the expenditure of money, and presents in this report its recommendations on such Articles. The Committee has obtained information from and consulted with various departments and officials of the Town and believes that the appropriations it has recommended are the minimum amounts with which essential and necessary services can be rendered to the citizens.

The appropriations for 1964 recommended by the Finance Committee amount to a total of \$1,011,690 as compared with \$926,670 (including \$13,200 at Special Town Meetings) last year, an increase of \$85,020. The largest increases are \$49,200 in School Department expenses, \$20,370 in respect of new schools, and \$10,400 for non-contributory pensions for certain retired town employees.

The Committee's recommendations on amounts to be appropriated are indicated in the right-hand column of pages 5 through 8 of this report. Our special comments on certain of the articles to be voted upon, as well as on other matters follow.

Article 3 is the principal appropriation article, which includes the operating expenses of the town, and other regular and recurring items such as bond retirement and interest. While all of these items will be brought before the Town Meeting in this one Article, any of them may be discussed or acted upon separately.

Under Article 10, the Committee is requesting an appropriation of \$10,000 for the Reserve Fund, the same amount as last year. This is the only money available during the year, without calling a Special Town Meeting, for any extraordinary or unforeseen expenditures. The Committee is recommending that \$5,000 of the appropriation be provided by a transfer from the Overlay Surplus which may be used only for the Reserve Fund or for extraordinary expenses.

Articles 12 and 13 deal with transfers of money. The net effect of these will be to transfer to the Highway Department \$4,500 for street resurfacing and replace this amount (plus \$1,500 more) for construction of Adin Street by money allotted to the Town in 1962 and 1963 by the State. This procedure is necessary since the allotted money can be used only for construction and not simple resurfacing.

The Committee recommends that under Article 15 the sum of \$45,000 be transferred from available funds (or free cash) to apply against the tax rate for 1964. The amount of the town's available funds at January 1, 1964 as certified by the State Director of Accounts was \$84,219. Last year there was \$68,200 of available funds (out of a balance of \$105,359) used at the Annual Town Meeting and Special Town Meetings. Available funds result from unexpended appropriations plus or minus the difference between actual and estimated amounts of other items used in fixing the tax rate.

At the time this report went to the printer, the State had not furnished the Board of Assessors with amounts they must use for certain County and State assessments and the Town's share of State income and corporation taxes. These items could affect our tax rate by several dollars, either up or down.

If the recommendations of the Finance Committee are followed, there will be total appropriations of \$1,011,690 and transfers of \$56,000 from free cash and other funds available, a net total of \$955,690, to be used by the Assessors in fixing the tax rate.

The Board of Assessors has advised that they will comply with the request of the State Tax Commission to assess all property at its 100% fair cash value in 1964. Heretofore all real estate has been assessed on a 40% basis. In order to make a comparison more meaningful, we have attempted to compute the tax rates for 1963 and 1964 (estimated) on both the old and new assessment bases.

The following condensed summary shows how the 1963 tax rate was determined and our present estimate for 1964.

	1963	Estimate for 1964	Increase (Decrease)
Estimated Expenditures:			
Appropriations	\$ 926,670	\$1,011,690	\$ 85,020

Balance to be raised by taxation	\$ 585,810	\$ 678,460	\$ 92,650
	<hr/>	<hr/>	<hr/>

*1963 amounts used for items not yet advised by State.

1963 (40%) Basis:

Assessed valuation ..	\$8,490,000	\$8,653,975
Tax Rate	\$69.00	\$78.50

1964 (100%) Basis:

Assessed valuation ..	\$20,818,170	\$21,201,745
Tax Rate	\$28.15	\$32.00

The above summary shows that the new tax rate will be around \$32.00. This is an increase of \$3.85 on the new assessment basis or the equivalent of an increase of \$9.50 on the previous assessment basis.

Following is a list of appropriation requests with amounts recommended by the Finance Committee, arranged in the order in which they are expected to be presented to the Annual Town Meeting, and compared with 1963 appropriations.

VITAL STATISTICS

Parents and others are requested to carefully examine the following lists and if any errors or omissions are discovered report them at once to the town clerk, that the record may be corrected, as it is of importance that the record of Vital Statistics should be complete. Herewith are extracts from the General Laws of Massachusetts, Chapter 46.

Section 3. Every physician, or hospital medical officer registered under Section nine of Chapter one hundred and twelve, in this chapter called officer, shall keep a record of the birth of every child in cases of which he was in charge showing date and place of birth, the name, if any, of the child, its sex and color, the name, age, birth place, occupation and residence (including the street number, if any) of each parent, the maiden name of the mother and the name of the physician or officer, if any, personally attending the birth. If the child is illegitimate, the names of and other facts relating to the father shall not be set forth except upon written request of both the father and mother. Said physician or officer shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report stating the facts herein above required to be shown on said record and also the said written request, if any provided, that if said report is not so made within forty-eight hours after such birth, said physician or officer shall, within said forty-eight hours, mail or deliver to said clerk, or registrar a notice stating the date and place of the birth, the street number, if any, the ward number, if in a city, and the family name. Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported. Any physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required for record relative to such birth, shall furnish the same upon request of the clerk of the town where such child was born or its parents reside, or of any person authorized by him.

Such member or servant refusing to furnish such facts shall be punished by fine not exceeding ten dollars.

During this year, as always, it has been a distinct pleasure to serve you the people of Hopedale. On behalf of myself

and the other members of the Department, I wish to express our sincere appreciation for your fine cooperation during the past year.

It is indeed gratifying to see that the number of Hopedale persons involved in accidents was well below the number of out of town operators. This is not only good for the well being of our citizens physically but also financially in our low insurance rate.

For those who have not had the pleasure of meeting your fine young Police Officers— they are Raymond Gaffney, Robert Phillips and Robert Taylor. Do not hesitate to call them whenever they are needed. They are ready and willing to serve whenever necessary in their chosen line of endeavor.

Respectfully submitted,

W. CHESTER SANBORN

Chief of Police

REPORT OF THE TREE WARDEN AND SUPERINTENDENT OF INSECT PEST CONTROL

January 8, 1965

To the Honorable Board of Selectmen
Hopedale, Massachusetts

Gentlemen:

It is with pleasure that I submit to you my report as Tree Warden and Supt. of Insect Pest Control for the year ending Dec. 31, 1964.

Fifteen trees were planted along the streets to replace trees that had to be removed. Norway, Rock and Crimson King Maples were the varieties planted.

Broken and dead limbs have been removed that were overhanging the streets.

Samples were sent to the Shade Tree Laboratory in Amherst from Elm trees suspected of having the Dutch Elm Disease. Fifteen samples were sent and they all had the Disease. These trees have all been destroyed as required by Chapter 657 of the General Laws. One hundred twenty-one dollars and forty-one cents was received from the Worcester County Commissioners as our proportionate share of their aid to Worcester County Towns.

All streets were checked and sprayed, where needed, for the control of Poison Ivy. I have provided anyone, who requests it, a hand sprayer and material so they can spray their own property for Poison Ivy.

In early May all Elm trees were sprayed with DDT for control of the Elm Bark Beetle, the principal carrier of the Dutch Elm Disease.

On May 29th an aerial spray was applied to most of the town for general insect pest control.

On July 12th an aerial spray was applied to the residential areas for Mosquito control.

I wish to thank Draper Corporation and all individual property owners for their fine cooperation in promptly disposing of diseased trees, and also for notifying me of any tree problem which comes to their attention.

Respectfully submitted,
W. CHESTER SANBORN
Tree Warden and Supt. of Insect Pest Control

It shall also be their duty to cause order to be preserved in going to, working at, or returning from fires, and at all other times when Companies attached to the Fire Department are on duty.

Sec. 2. The Chief Engineer shall have command at fires over all other Engineers, all members of the Fire Department, and all other persons who may be present at fires, and shall direct all proper measures for the extinguishment of the fires, protection of property, preservation of order and observance of the fire laws; provided that no building on fire or in danger thereof, be pulled down, blown-up or otherwise demolished without the concurrence of two or more of the Engineers if present.

Sec. 4. If any member of either of the several companies, belonging to the Fire Department shall wilfully neglect or refuse to perform his duty, or shall be guilty of disorderly conduct disobedience to the officers, or to any Engineer, he may for such offense be discharged from the Fire Department, and shall be liable to a fine of not less than two or more than ten dollars.

Sec. 5. All persons present, not members of either of the said Companies are hereby enjoined to obey the directions of any Engineer given at a fire; and to render their services if required by an Engineer under a penalty of not less than five nor more than twenty dollars, and it is enjoined upon the Chief Engineers to prosecute all violations of this section.

Sec. 6. It shall be the duty of such of the Constables of the Town as may be selected by the Engineers for that service, to repair on the alarm of fire immediately to the place where the fire may be; and there to use their best skill and power under the direction of the Chief Engineer, for the preservation of the public peace, the prevention of theft, destruction of property, and the removal of all suspected persons, for which service the Constable shall receive such compensation as shall in each case be ordered by the Engineers.

Sec. 7. And it is further ordered that no person shall carry any fire brands, lighted matches, or other ignited materials openly in the streets or thoroughfares of the Town; and no owner or occupant of any dwelling house, shop, or other building, shall maintain, or cause to be erected any defective chimney, hearth, oven, stove or stovepipe, fireframe or other fixtures, or shall have a deposit of ashes, shavings or other combustible material which may give just cause of alarm or be the means of kindling or spreading fire, under penalty of not less than two, nor more than twenty dollars.

Sec. 8. That if any chimney, stovepipe or flue within the town, where any other buildings are so near as to be endangered therefrom, shall take or be set on fire, the occupants of such house, to which such chimney, stovepipe or flue appertain, shall forfeit and pay the sum of two

Sec. 11. And it shall be the duty of the Chief and other Engineers to inquire for and examine into all shops, new buildings, erectings or other places, where defective chimneys, flues, stoves or stovepipes may be, and where shavings or other combustible material may be collected and deposited, and from time to time, and at all times to be vigilant in taking care of and the removal of the same, wherever in the opinion of any two of them, the same may be dangerous to the security of the town from fire; and the owners or occupants of such defective chimneys, flues, stoves or stovepipe, shavings, or other combustible matter, who shall refuse or neglect to remove the same forthwith, after being ordered thereto by any two Engineers in writing, shall forfeit and pay five dollars for each day afterwards that the same shall remain unremoved.

SIXTY-SIXTH ANNUAL REPORT OF PARK COMMISSIONERS

FOR THE YEAR ENDING DECEMBER 31, 1964

RECREATION PROGRAM

Mr. Charles Espanet directed our summer program this year. He brought a unique combination of firmness, where required, coupled with innovations and expert instruction so that the program presented was, in our opinion, outstanding and very well received.

During the winter months the ski tow was operated and the pond cleared for skating as weather conditions required.

The facilities of the playground ranging from kiddie swings to the ball diamond are of course, available at all times.

We again provided tuition so that four retarded children could attend a summer playground program conducted in Bellingham.

BASKETBALL COURT

The Woman's Club of the Community House sponsored a program to provide lights for the basketball court by raising money among several organizations in town. The Hopedale Foundation contributed half of the total cost. The lights were installed early in the summer and the court was used extensively at night well into the fall.

BATHING BEACH

The cove area to the north of the bath house was filled at a minimum cost using material excavated from Adin Street. This was done to extend the shore line out to a point where the sand of the beach can be extended. This new beach will be in the area which the lifeguards supervise. The extension is made necessary by the increasing number of children using this facility.

The swimming area was rearranged somewhat this year to bring it in line with the safety practices recommended by the American Red Cross.

PARKLANDS

In addition to the areas mentioned in the Conservation Commission Report, we cleared some other limited areas of underbrush. We opened up the road leading to the "Look Out" where the Boy Scout troop is developing a campsite on park land. The fathers of the Scouts are building Adirondack type shelters in this area, using materials donated by Draper Corporation.

We graded much of the road on the easterly side of the pond making it more easily passable to automobiles.

The major improvement in the park lands was the construction and installation of six reinforced concrete picnic tables with tables located in pairs at three different areas in the park lands. We are indebted to Mr. Joseph Rosenfeld for donating the concrete, to Mr. Guido Sabatinelli, Draper Corporation and Police Officer Robert Phillips for donation of material and labor which made these benches and tables available at a minimum cost to the tax payers.

IMPROVEMENTS CONTEMPLATED IN 1965

1. Repair and modernizing of interior of bath house.
2. Extending sand of bathing beach on to newly filled area.
3. Purchase of new park benches.
4. Reseeding of several areas.

SECOND ANNUAL REPORT CONSERVATION COMMISSIONERS

PROGRAM ENDING DECEMBER 31, 1964

During 1964, our first complete year, our activity was primarily confined to a pilot brush clearing program and planning for long range programs.

We selected the area of the parklands off Freedom Street between the railroad tracks and the pond as a starting point for a proposed long range program in undergrowth control. The State Forester, Mr. Robert Hebb made a professional survey of the area marking trees to be removed by our personnel. After the trees and underbrush were removed, we sprayed the stumps with a brush killing chemical to retard future growth. The results of this treatment will be evaluated this spring. We propose to continue clearing the adjacent tract during the coming year.

The primary mission of the Conservation Commission is to acquire and develop natural resources and to maintain open areas for the benefit of all. To implement this mission we met in September with Mr. James Toffing, agent for the State Department of Natural Resources to discuss a plan prepared by Mr. Hans Hebb, State Recreation Consultant for a potential recreation area in the southern section of town. We anticipate development of more complete plans for presentation to the Town during the coming year.

REPORT OF THE LIBRARIAN

The Librarian respectfully submits the 79th annual report.

During the year of 1964, The Bancroft Memorial Library and its Branch at South Hopedale have served the public to the best of their ability. We are pleased to again report an increase in our circulation. The total circulation figures for the year are 53,213 as against 51,124 for 1963.

Mrs. Marjorie Hattersley, the Children's Librarian, reports over 100 new borrowers in her department and a steady increase in her circulation. Three story hours have been held during the year for Grades 1 through four. These were held during school vacations with an average attendance of 72. A summer reading program was conducted for Grades 4, 5 and 6. It was called "Modern American Explorer" and 40 children were registered for this with a total of 945 books read during the period. Wee Reader's certificates were presented to 66 children of Grades 1, 2 and 3 which stated the number of books each one had read. A total of 1141 books were read by this group. The two groups represented an increase of 938 books read over last year. 333 State Certificates were presented in June, 62 large and 271 small.

During National Library Week in April, we displayed a few of our new books, both adult and juvenile, in the window of the Food Center. The balance of our books could be seen at the Library. During this week the three 4th grade classes at Memorial School visited the Children's Room.

In May, Mrs. Rae brought her morning and afternoon kindergarten classes to the Library to acquaint them with the Children's Room and the books available to them.

Children's Book Week occurred in November and Mrs. Hattersley visited the three 6th grade classes at Dutcher Street School to display new books and give book reviews. New adult books were also added during the week and the two Librarians gave book reviews to the women of the Afternoon Alliance of the Unitarian Church. A few children's books were shown at the Woman's Club at one of their meetings in November.

We would again like to draw the public's attention to the fact that Hopedale is a member of the Central Regional Area of Massachusetts with headquarters at the Worcester Public Library. We have borrowed a great many books during the year for our students and regular public. An added service which is now available is a deposit collection which can be changed every month. The books are circulated as our own during the period we have them. Also, since the first of January, a card can be issued to any adult citizen of Hopedale upon application at the Library. This card will be honored by all Libraries which are members of Central Regional System. A list of member Libraries may be seen at The Bancroft Memorial Library. An advisory committee, composed of Librarians from some of the area towns, meet once a month in Worcester to discuss problems of the system. Your Librarian was asked to serve on this committee during the year of 1964 — 1965.

The thanks of the Staff and Trustees again go to the many people who have given books, magazines and paper backs to the Library. The Garden Club has continued to put flower arrangements in the Library each month.

The Library hopes to serve you, the people of Hopedale, as successfully in 1965 as in 1964. With the help received from the regional library we feel we can give better and more efficient service. My heartfelt thanks go to the Trustees and Staff for their continued support.

REPORT OF BLACKSTONE VALLEY VOCATIONAL

REGIONAL DISTRICT SCHOOL COMMITTEE

FOR THE YEAR ENDING DECEMBER 31, 1964

On February 1, 1964, Paul J. Sullivan assumed his duties as the Superintendent-Director of the Blackstone Valley Vocational Regional School District. His first assignment was to prepare the educational specifications for the new vocational high school.

These educational specifications have been approved by the Blackstone Valley Vocational Regional School District School Committee, the Massachusetts Department of Education, and the Massachusetts School Building Assistance Commission.

The architectural firm of Wendell T. Phillips Associates was selected to design the Blackstone Valley Vocational Regional School. The preliminary plans have been completed and have been approved by the Massachusetts School Building Assistance Commission.

The school is designed to meet the immediate and future needs of the thirteen towns of the Blackstone Valley Vocational Regional School District. It will accommodate 360 boys in the 9th through 12th grades and will offer training in the following courses: Auto Mechanics, Auto Body, Machine Shop, Electronics, Mill and House Carpentry, Metal Fabrication, Drafting, and Plant Maintenance.

All twelve member towns voted to accept an amendment to the Blackstone Valley Vocational Regional School District Agreement whereby the Town of Millbury was admitted to membership in the Regional School District.

Considerable time and effort was expended by the members of the Committee in finding the best site possible and finally by a unanimous vote on December 3, 1964, the Voss property in West Upton was selected as the site for the new vocational high school.

Also, on December 3, 1964, the Vocational Regional District School Committee voted unanimously to incur debt in the amount of \$1,200,000. Even though the exact cost of the school had not been determined up to this time, the Committee voted to incur debt in order to preserve our present reimbursement rate of 56% from the Massachusetts School Building Assistance Commission. If the major portion of the debt had not been authorized by December 31, 1964, the reimbursement to the member towns would have dropped from 56% to 48%, which would have meant a loss of \$100,000 to \$120,000 to the member towns.

The Committee has selected the First National Bank of Boston as their fiscal agent and Ropes and Gray has been selected as bond counsel.

On December 24, 1964, the Blackstone Valley Vocational Regional School District's application for a planning advance of \$62,700 was approved by the Housing and Home Finance Agency of the United States Government.

On September 19, 1964, President Johnson signed into law the Appropriation Act for the Department of Health, Education, and Welfare which provides over \$120,000,000 for fiscal 1965 to implement the Vocational Act of 1963. This law requires each state to spend at least 33% of its share for new area vocational-technical schools. Therefore, the Blackstone Valley Vocational Regional School should be one of the first in the country to receive federal funds to aid in its construction.
